GUAHAN ANCESTRAL LANDS COMMISSION

TO: All "Category 1" Applicants Original Landowners and Heirs of Original Landowners

As a requirement, the Commission is requesting that you submit the following with your Application:

- (1) an **Abstract of Title** prepared by a Title Company (*one per lot*)
- (2) a **Surveyor's Certification** prepared by a Registered Land Surveyor (*one per lot*)

The Commission was originally going to undertake the task of providing the Abstracts of Title but due to lack of research staff, the Commission is unable to do so.

The Commission was also originally going to contract private surveyor services for Surveyor Certifications but no funds were approved for this purpose by the Legislature.

These documents will assist the Commission in confirming Title to the property being applied for as well as the location of the property.

Attached is a list of Title Companies and Registered Land Surveyors from which you can choose. *Please note that the Commission is prohibited from making referrals*. For further information contact our office at 473-5263.
